All of our food is prepared and cooked  
right here in our restaurant. Every piece  
of meat is hand-rubbed with our top secret blend  
of seasonings. After preparations are complete,  
the meat is loaded into our custom-made smoker  
and smoked with hardwood

for a l-o-o-o-o-n-g time. Believe us, it can  
do some smoking. We can cook about  
700 pounds of Boston butts, or 600 pounds  
of ribs, or 800 pounds of chicken... at one time!!

That is why our barbeque is so unique.

If you really think you need sauce,  
we make that as well. Sweet, Tangy  
or Fire In The Hole, it's your choice.

After years of folks telling us we ought to start  
a restaurant, we finally did it! This restaurant  
exists because we are blessed beyond measure.  
We have family and friends that have encouraged  
and prayed for us daily. We love to see old and  
new friends enjoy themselves around a table of  
great food. You will find that our food is different  
from anything you've ever had before and is the  
best barbeque you will ever try.

Our goal is to have you calling us friends  
when you leave and planning the next  
time you will visit us.

*May God bless you as He has blessed us,*

*Jeff and Aimee Frazier*
